1500+

adam helps CCGs and local authorities manage over 1500 new care placements every month

When looking for a new care home placement, on average *adam* engages with 48 different care home providers to find the best match

...or 36 different agencies when looking for Domiciliary care

adam helps customers to arrange care more quickly, on average between 3 to 5 days

adam also helps customers measure and manage quality of care more effectively.

Customers using the new *adam* quality tool have seen measurable quality improve by over 5% in the first 6 months of usage

And the tool is helping CCGs save time. No more chasing providers for quality returns, collating data or writing reports. The *adam* tool does all of that for you

The digital CHC solution is offered as a managed service, meaning that *adam* experts are always on hand to help, working with you and your teams to improve performance
